PROFILE

Passionate Software Engineer with experience in AI, Machine Learning, Cloud Computing and Backend Development. Interested in scalable applications and intelligent automation.

CORE COMPETENCIES

Python | Java | C++ | FastAPI | Flask | Django

React | Next.js | HTML | CSS | JavaScript

Docker | Kubernetes | Git | GitHub

AWS | Azure | GCP

PostgreSQL | MySQL | MongoDB

Machine Learning | Deep Learning

Computer Vision | NLP

Pandas | NumPy | Scikit-learn

Leadership | Communication | Problem Solving

ACADEMIC QUALIFICATIONS

Bachelor of Technology (Computer Science Engineering)

University of California

2020 – 2024

CGPA : 9.18

Higher Secondary (Science)

Green Valley Public School

Percentage : 91%

PROFESSIONAL EXPERIENCE

Software Engineering Intern

Google LLC

May 2023 – August 2023

- Developed REST APIs using FastAPI.
- Reduced API response time by 38%.
- Worked with PostgreSQL and Docker.
- Collaborated with ML Engineers.

Machine Learning Intern

IBM

January 2023 – April 2023

- Built Resume Classification Model.
- Improved prediction accuracy by 12%.

- Used TensorFlow and Scikit-learn.

MAJOR PROJECTS

AI Recruitment Copilot

Developed an intelligent resume parser using spaCy, FastAPI, Streamlit and SQLite.

Expense Tracker System

Created a finance tracker using Python, Flask and MySQL.

Medical Appointment Booking System

Developed secure authentication, REST APIs and database integration.

Crime Detection using Deep Learning

Implemented CNN models for image classification.

PROFESSIONAL CERTIFICATIONS

Google Data Analytics Professional Certificate

Oracle AI Foundations Associate

AWS Certified Cloud Practitioner

Microsoft Azure AI Fundamentals (AI-900)

IBM Data Science Professional Certificate

Infosys Springboard Artificial Intelligence

NPTEL Joy of Computing using Python

Coursera Machine Learning Specialization

LANGUAGES

English

Spanish

French

ACHIEVEMENTS

Hackathon Winner

Google Build with AI Participant

Top 5 Finalist - Smart India Hackathon

INTERESTS

Artificial Intelligence

Cyber Security

Open Source

Cloud Computing
