EDUCATION

B.Tech. in Computer Science

Amity University Mumbai | Exp. 2028

Currently in 2nd Year

First Year CGPA: 9.82/10.0

High School (Class XII)

Modi World School, Jhunjhunu

Passed: 2023 | Score: 95%

10th Grade

Modi World School

Passed: 2021 | Score: 96%

SKILLS

Programming

Python (Core), C, C++

AI & Data

ML Workflows, Data Structures, Algorithms, Time Series Forecasting (Prophet), Automata Theory

Tools & Web

HTML, Windows, Linux

PRAVESH NIRMAL

Computer Science Student | Software Engineering & AI Enthusiast

OBJECTIVE

Highly motivated and academically distinguished B.Tech Computer Science student seeking an AI/ML Virtual Internship. Eager to apply foundational programming and analytical skills to real-world machine learning challenges, including data preprocessing, model development, and algorithm implementation.

PROJECTS & INTERNSHIPS

AICTE Virtual Internship | IBM SkillsBuild

Completed in February 2026

- Completed industry-oriented training focused on emerging technologies, professional development, and problem-solving skills.
- Gained practical exposure to AI concepts, data analytics, and workplace best practices through guided learning modules.

Infosys Springboard Virtual Internship

Selected for July 2026 Cohort

- Selected for the Infosys Springboard Virtual Internship Program based on academic performance and technical interest.
- Expected to work on industry-relevant projects involving Artificial Intelligence, software development, and problem-solving.

Deloitte & Tata Data Analytics

Virtual Simulations

- Successfully completed corporate simulations focused on data interpretation, visualization, and business decision-making.
- Analyzed datasets and generated actionable insights using structured analytical approaches.

Face Recognition & Alert System

Computer Vision Project

- Developed a real-time facial recognition system capable of identifying authorized individuals.

- Integrated an automated alert mechanism to enhance security monitoring and incident response.
- Implemented image processing and machine learning techniques for improved recognition accuracy.

AI-Powered Video-to-Notes Generator

NLP & Speech-to-Text Project

- Built an intelligent application that converts video and audio content into structured notes.
- Utilized speech recognition and Natural Language Processing techniques to generate concise summaries.
- Improved content accessibility and learning efficiency through automated note generation.

Intelligent Chatbot Development

Conversational AI Project

- Designed and developed AI-powered chatbots capable of handling user queries and automated responses.
- Implemented conversational workflows to improve user engagement and support efficiency.
- Enhanced chatbot performance through prompt engineering and response optimization.

CERTIFICATIONS & ACHIEVEMENTS

NPTEL - Joy of Computing Using Python

April 2026 Examination

- Achieved an outstanding score of **96%** in the NPTEL certification examination.
- Demonstrated strong proficiency in Python programming, problem-solving, and computational thinking.

Infosys Springboard - Artificial Intelligence

Certification Course

- Completed comprehensive training covering Artificial Intelligence fundamentals, machine learning concepts, and AI applications.

Infosys Springboard - Natural Language Processing (NLP)

Certification Course

- Completed certification focused on text processing, language models, sentiment analysis, and NLP techniques.

...

LEADERSHIP & ACHIEVEMENTS

- **Defence Aspirant (NDA):** Cleared the highly competitive National Defence Academy (NDA) written examination twice and reached the SSB Interview Conference stage both times.
- **Core Member, Google Developer Groups (GDG) On Campus:** Actively contributing to the university's developer community and technical initiatives.
- **Video Editor & Social Media Team, Digital Club:** Play an essential role in managing digital content, video editing, and social media promotion for major university events and fests.
- **Core Organizer, Technicia'26:** Organizing and promoting the university technology festival scheduled for April 2026.
- **Academic Scholar (2024-2025):** Maintained a near-perfect CGPA of 9.82/10.0 in the first year of B.Tech.
